Global Resale has been awarded this prestigious accolade in recognition of its outstanding achievements, with 77 percent year-on-year growth in global sales of refurbished technology product over the last three years.

Chris Farrell, General Manager of Global Resale's European Headquarters:

"The Queens Award is such an amazing achievement, which few companies could achieve at such a young age. I want to thank every single one the Global Resale staff for all their hard work to make this possible and our many partners and customers for their continued support. It was a pleasure to celebrate the success with our honorable guests and our dedicated team. "

Speaking about Global Resale's success, Group CEO, Jeff Zeigler commented:

"We are honoured and proud that Global Resale has received this distinguished award and couldn't be happier with the continuing growth of our European business" said Jeff Zeigler, CEO of Global Resale. "Our business is an important part of the green economy, our aim is to maximise reuse of equipment, whilst reducing waste to a minimum. We source and provide services to technology manufacturers, technology suppliers and leasing companies. Supporting computing and data centre environments on behalf of some of the largest global organisations. This means people can affordably buy refurbished technology, get connected and importantly diverting equipment which may have otherwise gone to landfill."
