

Global technology industry recognises Trustack as a top Managed Service Provider (MSP)

Friday 12 July, 2024

Trustack is proud to announce its inclusion in the prestigious 2024 Channel Futures MSP 501 list, a significant milestone that places **Trustack among the world's elite managed service providers**. This accolade recognises Trustack's excellence in delivering top-tier managed services to a demanding global market.

The Channel Futures MSP 501 list is one of the most respected rankings in the global technology industry, celebrating organisations that demonstrate outstanding performance in managed services. Companies on this list are acknowledged for their innovative approaches, technical expertise, growth-oriented business models, and strategic partnerships with leading vendors and tech suppliers.

Trustack's inclusion in this esteemed list underscores its commitment to providing **elite cybersecurity and IT services**. This recognition marks a proud moment in the company's history and solidifies its position as a leader in the managed service provider industry.

As a recognised leader, Trustack continues to set the standard for managed service providers worldwide. This honor from Channel Futures not only highlights Trustack's achievements but also inspires the company to push the boundaries of current service offerings in the technology sector.
