

Goldstream Incorporated celebrate contractor development

Tuesday 16 May, 2017

On Saturday April 29th, Nottingham-based outsourced sales and marketing firm, [Goldstream Incorporated](#) celebrated the development of one of their contractors, as [Conor Dines-Booth](#) completed stage three of the firm's prestigious business development program.

About Goldstream Incorporated: <http://www.goldstreamincorporated.co.uk/>

Goldstream Incorporated is an outsourced sales and marketing firm based in Nottingham. As direct marketing specialists, the company works alongside their clients to create unique marketing campaigns, which will accurately represent their products or services to consumers. Goldstream Incorporated is a young firm with big goals, and they are committed to the development of the people they work with. [CEO Dan Coolican](#) is passionate about education and prides himself on his role as a coach and mentor. "One of the things that gives me the most satisfaction is helping assist others on their entrepreneurial journey and watching people achieve their goals and reach their full potential," said Mr Coolican.

Goldstream Incorporated's business development program is aimed towards graduates and ambitious career changers looking to learn, grow and develop. Essentially an accelerated learning program, within 6 to 12 months, participants will learn all aspects of the firm's fundamentals including brand management, client relations, events coordination, marketing and sales strategies, micro-management, and business management. Crucially, the firm offers a stress-free environment for participants to hone their skills and master their art.

Mr Dines-Booth started with Goldstream Incorporated with little experience in sales and marketing, and thanks to the ongoing coaching and guidance, as well as attendance at industry conferences and seminars, he was able to catapult his career to the next level. At Goldstream Incorporated they believe it is important to celebrate business milestones. On Saturday, April 29th, CEO Dan Coolican presented Mr Dines-Booth with a Hugo Boss watch along with a football shirt with the number 23 on the back (Conor's age) as this has become a company tradition.

After the presentation ceremony, the firm went to Brown's restaurant for well-earned lunch and drinks, providing a nice setting to relax and converse.

"It's an exciting time at Goldstream. I am really proud of Conor and the massive strides he has taken in recent months, and I am confident the future is bright," said Mr Coolican.

One of the primary objectives for Goldstream Incorporated in 2017 is to extend their market reach across the UK. The firm is fortunate to have a client portfolio that supports their ambitions. "The sky is the limit! We have tremendous opportunities to expand our business and establish Goldstream Incorporated as a market leader. We just need to find ambitious and talented individuals to help our business expand, and Conor will be one of those," said Mr Coolican.
