Haag-Streit Diagnostics announces 3rd ‘Slit Lamp Imaging Competition’

Thursday 13 May, 2021

Harlow, UK – 17th May 2021 – Following very successful competitions held in 2019 and 2020, Haag-Streit Diagnostics has recently announced its ‘Slit Lamp Imaging Competition 2021’.

Haag-Streit slit lamps are renowned for their optical brilliance and are capable of capturing the most stunning clinical images. The ‘Slit Lamp Imaging Competition 2021’ gives eyecare professionals across the globe an opportunity to showcase their slit lamp imaging skills.

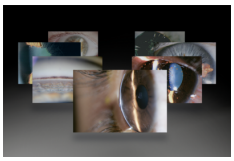

The judging of the best photograph will be based on image quality, technical execution and disease interest. There are fantastic prizes
for each of the top three images, with the winner of the competition receiving a Fujifilm X-T4 camera kit, and the coveted ‘Slit Lamp Imaging Competition 2021’ award. The top 10 entries will also feature on the Haag-Streit Diagnostics virtual booth.

This is the 3rd year that Haag-Streit Diagnostics has run this competition. Last year’s winner was Mel Yeneralski, from Cambridge University Hospital, who captured a stunning image of silicone oil bubbles. You can check out all the winning images from the 2019 and 2020 competitions here.

Applications for the competition are open until 31st July 2021. Applicants should send their images to hs.imagingcompetition@gmail.com. Participation information can be found here, and a full list of the terms and conditions can be found here.
