Hackatao x Crypto stamp art – Creative minds

Tuesday 3 June, 2025

Mozart & Hedy Lamarr as phygital icons of the second edition

Vienna June 3, 2025

Following the great success of the first joint edition, Austrian Post is launching a new, limited edition of **Crypto stamp art (CSA)** together with the renowned artist duo **Hackatao**. It will be issued on June 4, 2025 at 10 a.m. and also be available to purchase from the Austrian Post stand at **NFC Lisbon**, one of the world's leading Web3 events.

The new Crypto stamp art is dedicated to two extraordinary personalities from Austrian history: Wolfgang Amadeus Mozart and Hedy Lamarr. Both personalities embody ingenuity, creativity and the courage to break with convention. Hackatao interprets their complexity in four unique motifs:

- **MOZART, THE MAESTRO - The musical visionary**
- **AMADEUS, THE PRANKSTER - The mischievous spirit behind the genius**
- **LAMARR, THE STAR - The glamorous screen icon**
- **HEDY, THE MIND - The brilliant inventor of modern communication**

The artist duo Hackatao, pioneers of crypto art, combine social themes with a colorful, surreal visual language in the second edition of Crypto stamp art. In cooperation with Austrian Post, physical stamps and digital NFTs merge to create a unique collector's experience. The so-called Soulbound Tokens are inseparable from the physical stamp, their authenticity is guaranteed by modern NFC technology and blockchain - an innovative example of the future of collecting, in which art, technology and history come together.

This Crypto stamp art is EUR 21.80 per stamp with a total issue of 10,000 (2,500 per motif). Available in selected post offices, via the collector’s service (phone: +43 577 67 – 95095; email: sammler-service@post.at) and at the Web3 Event NFC in Lisbon.
