Hope Spring Launches New Gift of Water Charity Card to Alleviate Water Poverty

Wednesday 26 July, 2023

Hope Spring Water, a Herefordshire based charity dedicated to providing clean and safe water to communities in need, is excited to introduce the new Gift of Water Charity Card initiative. This innovative program aims to celebrate special occasions while making a meaningful impact by providing clean water to individuals and communities in desperate need.

The Gift of Water Charity Cards offer a unique and impactful way to honor birthdays, anniversaries, or any other special occasion. By choosing one of the beautifully designed Gift cards, individuals can not only express their well wishes but also contribute to the provision of clean and safe water to communities in West Africa facing water poverty.

Sending a Gift of Water Charity Card is incredibly straightforward. After selecting a card, recipients will receive a free Hope Spring eCard along with it. Simply add your contact details and personalized message, make a donation, and the chosen Charity Gift Card will be sent to the recipient, with you copied in the message.

Temi Odurinde, the Founder of Hope Spring, emphasizes the importance of this new initiative in expanding the reach of the organization's water provision projects. "The Gift of Water Charity Card program allows Hope Spring to offer clean water to even more communities in desperate need," expressed Odurinde.

With advanced user experience in mind, Hope Spring eCard has also enhanced its functionality. In addition to the traditional email delivery method, users now have the option to send eCards via WhatsApp, making it even easier to spread awareness and support this vital cause.

Through the generous contributions from Hope Spring eCard, numerous water projects have already been completed, including four borehole projects in Sierra Leone and one in Lagos. Additionally, a new water project is scheduled to commence in August 2023 in Lagos.

Hope Spring Water extends its heartfelt gratitude to all its donors and supporters who have made these significant achievements possible. The organization encourages supporters to join the cause by sending a Gift of Water Charity eCard today, providing clean water and hope to those who need it most.
