INEMiner is a paradigm shift <https://pressat.co.uk/#> in the digital transformation of cryptocurrency mining, leveraging cloud technology to democratize access for investors around the world.

Founded in May 2021 and headquartered in London, the platform serves 1.28 million users in over 130 countries, removing device barriers through an intuitive interface to enable mining anytime, anywhere.

Daily rewards are deposited directly into user wallets, ensuring continuous wealth accumulation. The platform's infrastructure uses ISO-certified data centers with up to 99.98% uptime and industrial-grade hashing power.

INEMiner is strategically deployed in more than 80 mining farms in energy-rich regions such as Texas, the Norwegian Fjords and the Chilean Atacama Desert, reducing energy costs by 40% compared to industry standards.

This global footprint supports a diverse range of mining contracts that offer same-day interest, instant returns, unlimited withdrawals around the clock, and 100% guaranteed returns.

Supported by an experienced team, INEMiner strictly adheres to regulatory requirements under the FCA, MAS and CySEC frameworks.

Security is provided by AES-256 bit encryption, while 24/7 customer support enhances user trust and operational resilience.

Our vision focuses on innovating blockchain technology to build a digital planet, inviting investors and partners to unlock unlimited growth potential.
