

Infinigate on Track to Achieve Financial Year Target with Double-Digit Growth across EMEA and ANZ.

Thursday 6 February, 2025

With one quarter left of the current financial year, Infinigate reports increased growth in Europe and record results in EMEA and ANZ.

Rotkreuz, Switzerland, 6 February 2025 – In the last quarter the current financial year, the [Infinigate Group](#), the leading technology platform and trusted advisor in cybersecurity, cloud and network infrastructure, is proud to report an increase in revenue of over 14% compared to the same period of the previous financial year, delivering in excess of €2bn revenue globally for the current financial year to date.

The Middle East and Africa (MEA), Australia and New Zealand (ANZ) regions posted the strongest growth, exceeding targets, thanks to winning strategies, a competitive offering and a buoyant market. Infinigate grew across Europe too, against the ongoing pressure of a market affected by a challenging economic climate.

“Overall, Infinigate is on track to achieve its ambitious targets, progressing towards its stated goal of €5bn revenue for financial year 2027-2028” said Klaus Schlichtherle, CEO of the Infinigate Group. “We have a strong organisation that benefits from an extensive portfolio of leading-edge solutions, close partnership with a growing number of vendors and channel partners and fast expansion through our MEA and ANZ regions, towards global scale.”

Kristiina Leppänen, CFO at the Infinigate Group said: “Infinigate continues to deliver in a competitive and challenging economic environment. We are on track to meet our financial year target relying on the solid foundation of our unique offering, strong skillset and solid investment strategy.”

Denis Ferrand-Ajchenbaum, Chief Growth Office at Infinigate commented: “Infinigate is in a prime position to intercept the sizeable opportunity offered by one of the fastest growing segments in the cybersecurity market. The global managed security services market is projected to grow to USD 32.68 billion by 2030*, with a CAGR of 11.0%. Our Infinigate Cloud platform enables channel partners to add the managed services offering to their portfolio to address their customers growing need for advanced, flexible and cost-efficient cybersecurity.”
