Lanyards Tomorrow ™ now offer statement piece lanyards with rhinestone plastic gems in a variety of colours.

The sparkly neck strap is not only an attractive way to jazz up office wear or event attire but it is practical too. The Lanyards Tomorrow ™ rhinestone ID lanyard comes with two types of clips; a metal clip that will attach to any ID badge holder, and a string loop clip that is ideal to attach a key or a small electrical product like a USB stick to.

The rhinestones give a crystal gem effect that is far more impressive than a standard plain lanyard and they are available in colours including black, blue, clear, pink (including fuchsia pink), green, light blue, red, yellow and multi-coloured.

This lanyard has been very popular with Lanyards Tomorrow ™ customers who run award ceremonies or small charity events but, with its wide usage appeal, it is also suitable for general office wear or other functions. Indeed, festival goers and hen party attendees alike have also enjoyed this product coupled with Lanyards Tomorrow ™ free PhoneID app which is fully customisable and allows users to turn their phone into their own identification, be that Bride, bridesmaid and so forth!

Lanyards Tomorrow ™ is very pleased to hold an eKomi gold customer award ranking. A couple of genuine customer reviews on the rhinestone ID lanyard gathered via the independent customer review collection service include:
