

Laura Boyd puts Leonardo in Digital!

Wednesday 23 March, 2016

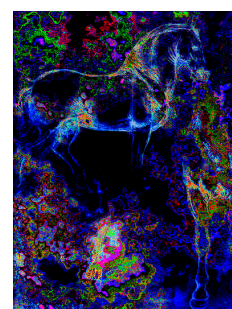

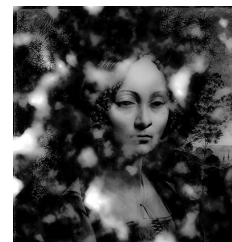

Laura Boyd is a self taught emerging artist from the UK. 2016 sees the immediate launch of her online gallery / store: <http://www.1-laura-boyd.pixels.com> and <http://www.facebook.com/leonardoindigital>

Using the media of cgi / digital art she creates a flood of visions and dreams around the art of her favourite artist, Leonardo da Vinci. Just as the Ancient Greeks used dramatic, psychedelic colours with which to complete their temples and statues, perhaps they also used these beautiful colours in their paintings?

"In rivers, the water that you touch is the last of what has passed and the first of that which comes; so with present time." Leonardo da Vinci, 1452 - 1519

Laura's fully interactive website offers museum quality fine art prints, both framed and unframed; box canvas prints, metal prints and acrylic prints. Go to: <http://www.Facebook.com/Leonardoindigital> and/or <http://www.1-Laura-Boyd.pixels.com> and Shop Now!
