

LCX Relaunches Regulated Cryptocurrency Exchange

Monday 10 October, 2022

[LCX](#), Liechtenstein's leading blockchain company, has relaunched its crypto currency exchange - the regulated cryptocurrency trading experience to buy, sell and store a variety of digital assets. Originally launched in 2018, the LCX Exchange Revamp is another milestones in LCX's growth roadmap establishing the foundational framework including its new backbone infrastructure, scalable account wallets and updated user interface.

With the relaunch of LCX Exchange all users now benefit from a fast, reliable and advanced trading experience. The new version of LCX Exchange is built on a scalable infrastructure with a high-performance trading engine. The login and registration process has been simplified to enable faster on-boarding and user growth. Wallets and account security has been improved and comes with faster and automated withdrawals.

And probably the most visible change is the new design. LCX Exchange now includes a fresh new user interface design with additional menu options for easy navigation, a new crypto market page, education content and crypto tutorials.

LCX was established in 2018 and gained eight regulatory registrations by the Financial Market Authority based on the innovative Blockchain Laws Liechtenstein. LCX's token sale launchpad has become the leading platform to facilitate initially coin offerings - the legal way. LCX is registered as Token Issuer and handles all tech and legal aspect for the initial coin offering. As such LCX became the new hotbed for new crypto gems as these tokens are exclusively listed at LCX Exchange.

LCX grew in popularity in Europe as a secure, trustworthy and regulated crypto exchange. LCX Token is a utility token is listed at Coinbase, Kraken, etc and works as a long-term sustainable incentive mechanism to motivate various stakeholders to participate in the ecosystem.
