FOR IMMEDIATE RELEASE

LifeSpring Church Walsall launches weekly Sunday service at Manor Farm Community Association

WALSALL (Rushall), 26 September 2025 — LifeSpring Church Walsall has officially launched and now gathers every Sunday at 10:15am at Manor Farm Community Association, King George Crescent, Rushall, Walsall WS4 1EU.

The new church is part of LifeSpring Global, an apostolic church movement led by Tony Wastall, with locations in Wolverhampton, Burntwood, Sutton Coldfield and now Walsall, as well as a growing family of churches across Africa, India and Nepal. LifeSpring Global is committed to winning the lost, planting churches and raising leaders.

Dan and Laura Waldron, who lead LifeSpring Church Walsall with their four boys, launched the church with a faithful team of founder members. Their vision is to build a vibrant, welcoming church family at the heart of the community.

“Walsall is full of life, history and heart and we’re here to add to that,” said the Waldrons. “Whether you’re exploring faith, returning to church, or simply looking for community, you’re invited. Our aim is simple: love God, love people, and contribute to a hopeful future for our town.”

The launch comes as recent research points to renewed interest in churchgoing across the UK, particularly among younger people. The Bible Society’s Quiet Revival report highlights significant growth in attendance since 2018, echoed by coverage in national media, and the Church of England has announced increased investment to support growing and community-focused parishes.

Rooted in the community at Manor Farm Community Association

LifeSpring Church Walsall meets at Manor Farm Community Association (MFCA) — a much-loved local charity serving Walsall for more than 40 years with activities for older people, sport and leisure, employability support, children’s sessions and more.

“We’re honoured to call Manor Farm our home,” said the Waldrons. “MFCA is a true community hub, and we’re excited to partner in ways that bless Rushall and the wider borough.”
