Limitless Communications: 14% of Companies Utilise Outsourcing

Tuesday 17 March, 2015

With more and more businesses looking to outsource, Limitless Communications review the benefits of outsourcing and how it can impact innovation as well as improve processes.

Studies by Paul Morrison where analysed by Limitless Communications to consider the benefits of outsourcing for both the client and the outsourcer. According to the study, 14 per cent of business leaders are prioritising 'radical innovation' with their outsourcing partners, such as the implementation of a major new technology or global delivery. Having an external input can allow companies further sources for ideas to develop strategies and delivery successful campaign expansions. The study said 90 per cent of buyers believe their outsourcing agreements can help them improve products and services, while 86 per cent believe they will help retain customers, and 85 per cent are hoping to achieve top line revenue growth. Limitless Communications are specialist outsourcers and encourage findings that highlight the benefits of outsourcing solutions.

About Limitless Communications: http://www.limitlesscommunications.eu/modern-about/

Limitless Communications provides a complete outsourcing service to their clients and their customers by generating an effective avenue between customer and the brand itself.
