Make Sure You Don’t Run Out of Medication Over the Holiday Season, Download the Official NHS Pharmacy App Today

Friday 20 December, 2019

Superintendent Pharmacist and owner of PillBox Chemists Davinder Virdee, is keen to ensure none of his regular customers miss out on the easiest way to ensure they don’t run out of medication over the Christmas period.

> ‘Although we’re open over Christmas, with the exception of Christmas and New Year’s Days, we know that a lot of our customers will be heading away to visit family or tied up with the festive celebrations at home. To give yourself one less thing to worry about this Christmas, we’re suggesting to all our customers that they download the NHS Pharmacy App that makes ordering repeat prescriptions an absolute doddle!’

By visiting https://www.healthera.co.uk/ you can order your repeat prescriptions in just a few clicks. Skip the calls, queues, and the repeated GP visits by using the app to order and collect direct from your local NHS pharmacy.

There’s plenty of time to look at NHS England’s opening hours over this festive season and to plan your NHS prescriptions over the holiday period. Use the app to help you by using your local pharmacy and it’s excellent pharmacy services rather than relying on your GP clinic over the busy bank holiday period - after all, pharmacy opening hours are likely to be much longer than most GP Practices over the busy Christmas holiday period.

PillBox Chemists are an independent, family owned company with over 20 operating NHS pharmacies throughout Berkshire, Middlesex, Hampshire, Surrey and Northamptonshire. They offer a wide range of tailored NHS services as well as some bespoke treatments and consultations, such as registered Cardiologists who work directly for their pharmacies - and of course, you can get your flu jab at any of their sites if you haven’t done so yet.
