

Manni Nagi Joins Alliance 4 Children as Founding Supporter

Sunday 23 November, 2025

Alliance 4 Children is delighted to announce that Manni Nagi has joined the organisation as a Founding Supporter, marking a significant step in the charity's mission to improve the health and well-being of children, young people, and families across the UK.

Working closely with the growing Alliance 4 Children (A4C) team, under the direction of Founder and CEO Paul Wright and with the guidance of Honorary Presidents Baroness Ruth Lister and Baroness D'Souza, Manni will play a key role in driving forward initiatives that champion evidence-based policy reform.

Alliance 4 Children is a non-profit organisation dedicated to improving the lives of children, young people, and families through evidence-based policy advocacy. The soon to be charity focuses on influencing policy decisions at governmental, regional, and local levels to ensure that every child and family has access to the support, opportunities, and protection they need to thrive.

As a Founding Supporter, Manni will work collaboratively with policymakers, MPs, and key stakeholders to address critical issues impacting children, particularly those in or around the care and social services system. His focus will include the overall well-being of children and young people, as well as the responsible use of social media and artificial intelligence, ensuring that emerging technologies are leveraged safely and ethically to protect children online.

Manni Nagi commented:

"Children have always been at the centre of everything I do. Joining Alliance 4 Children as a Founding Supporter allows me to work alongside an exceptional team to make meaningful change in areas that are both exciting and vital for our society's future. We must ensure that innovation, particularly in spaces like social media and AI, uplifts and protects young people rather than placing them at risk. I look forward to helping shape policies that deliver lasting, positive impact for children and families across the UK."

Founder and CEO Paul Wright commented:

"We are thrilled to welcome Manni as a Founding Supporter of Alliance 4 Children. His passion for improving outcomes for children, combined with his insight into digital policy and social impact, will be instrumental as we continue our mission to advocate for evidence-based policy and meaningful reform."

Together with his fellow Supporters, advisors, and the leadership team, Manni's involvement strengthens Alliance 4 Children's ability to influence policy, collaborate across sectors, and create a safer, healthier, and fairer future for every child.
