

Meraki Global Advisors' CEO Appointed as South West Regional Director for Hedge Fund Association

Thursday 18 February, 2021

[Benjamin Arnold](#), the Founding Partner and CEO of Meraki Global Advisors, has committed to serving the alternative investments community and advancing HFA's mission as the newly appointed South West Regional Director.

February 18, 2021- Park City, Utah - Meraki Global Advisors, the industry's leading multi-asset outsourced trading solutions firm, today announced that the firm's Founding Partner and CEO, Benjamin Arnold, was appointed as the Regional Director of the South West region for the Hedge Fund Association. He is excited to join and serve the organization at a time when more alternative investment firms are choosing to make their home base the South West.

"I relocated my family to Park City in 2017 and when we launched Meraki in 2019, I began seeing early signs that the area was attracting more alternative investment firms. With the move toward remote working as a result of the COVID-19 pandemic, Park City has seen explosive population growth over the past year and I believe this relocation trend amongst people in our industry will continue to grow both here and generally in the South West", said Arnold.

Mr. Arnold began his career in the hedge fund industry before trading for Goldman Sachs in both India and Hong Kong. He is supported by a renowned team composed of former buy-side traders who have lived and traded across the globe in Singapore, Hong Kong, India, London, and New York. The experienced team of former hedge fund partners brings a breadth of experience and demonstrates the benefits of what a pure buy-side outsourced trading desk can provide today's asset managers.

The Hedge Fund Association ("HFA"), is a leading international nonprofit trade and nonpartisan lobbying organization. HFA's leaders are all elected and appointed volunteers that work on behalf of the entire alternative investment industry, including hedge funds, private equity, venture capital, real estate and wealth management firms, institutional investors, family offices and service providers.
