Regional Winners of Garage of the Year 2015

Motor Codes, the government-approved garage scheme, has revealed the UK's 11 most trusted garages, as voted by customers of its 8,000-strong garage network.

The shortlisted garages topped their regions following a three-month-long round of customer nominations. The competition highlights the best-rated garages in each of the regions, and is an opportunity for motorists to recognise the excellent workmanship and first class customer service available from garages right across the country.

Motor Codes' online garage finder at motorcodes.co.uk holds thousands of online customer reviews, allowing consumers to find their closest, trusted government-approved garages wherever they are. This in turn has helped drive up the quality of service and customer care across the whole industry.

Mark Terry, Managing Director of Motor Codes, said, "Motor Codes garages are providing first class service to motorists right across the UK, and we're delighted to have this opportunity to celebrate the best in the business. These 11 regional winners are great ambassadors for the industry and they should be rightly proud of their achievement."

Motorists who submitted reviews during the competition period have been entered into a prize draw to win a number of exhilarating driving days on offer, including an Ultimate Supercar Driving experience at Thruxton.

The overall Garage of the Year - the 'best of the best' - will be announced at the prestigious *Auto ExpressCar of the Year* Awards on 30 June 2015.

Notes to editors

Motor Codes is the UK's only comprehensive Trading Standards Institute-approved vehicle supply, maintenance and warranty network. Motor Codes takes a responsible approach to industry self-regulation and is the only organisation that works across all motor industry sectors; vehicle motor supply, service, warranty and after care, offering a suite of Trading Standard Institute-approved codes of conduct.

Provider of an online garage finder www.motorcodes.co.uk/garagefinder/ with over 100,000 profile page views a month. Through the Motor Codes website you find a one-stop-shop garage search service that

directs you to a Trading Standards Institute-approved business. Motorists can review all TSI-approved service centre options in their area, taking into account existing customer comments, opinions and advocacy, before making an informed choice of where they wish to service and repair their vehicle.
