

# Motorcycle Market Survey: High Demand For Cruiser Motorcycles To Propel The Growth Of Manufacturers Over The Assessment Period 2031

Wednesday 15 December, 2021

Demand for motorcycles has increased steadily over the past years due to their affordability factor, fuel efficiency, and wide variety on offer. While the outbreak of COVID-19 put a standstill to manufacturing motorcycles initially, recovery has taken place at quite a rapid pace. High demand for cruiser motorcycles is further fueling the sales for [motorcycles manufacturers](#) across geographies.

While the growth of the automotive industry has become prominent over the last decade, manufacturers have come up with a flurry of inventions in order to increase their sales footprint. According to a report published by the Select USA, the United States has one of the largest automotive markets in the world. As per its report, since Honda opened its first U.S. plant in 1982, almost every major European, Japanese, and Korean automaker has produced vehicles and invested more than US\$ 75 billion in the United States.

The latest report by Fact.MR says Sales of motorcycles are anticipated to register a CAGR of 3.5% through 2031.

***“Demand for various types of motorcycles such as mopeds, sports, standard, and others, especially cruisers, is forecast to grow over the coming years,” says a Fact.MR analyst.***

[Torque Transducer Market](#): A recent study by Fact.MR on the Torque Transducer Market offers a 5-year

forecast analysis for the period 2021 – 2026. The study analyzes key trends that are currently influencing the growth of the market. This report covers key dynamics, including drivers, restraints, and opportunities for leading market players along with key stakeholders and emerging players.

**Tape on Reel Feeder Market:** Fact.MR's extensive coverage of the Tape on Reel Feeder Market offers in-depth insights into the prominent growth dynamics that are likely to aid the expansion of growth prospects in the near future. Data has been presented in the form of key segments across prominent geographies, along with important information concerning key manufacturers operating within the industry.

**Air/pneumatic Balancers Market:** The Air/pneumatic Balancers Market study published by Fact.MR offers an unbiased analysis of the prominent drivers, opportunities, and trends expected to shape future expansion outlooks. The report provides a comprehensive assessment of the prominent segments and geographies which are likely to benefit market players in the forthcoming years.

## About Fact.MR

Market research and consulting agency with a difference! That's why 80% of Fortune 1,000 companies trust us for making their most critical decisions. We have offices in the US and Dublin, whereas our global headquarter is in Dubai. While our experienced consultants employ the latest technologies to extract hard-to-find insights, we believe our USP is the trust clients have in our expertise. Spanning a wide range – from automotive & industry 4.0 to healthcare & retail, our coverage is expansive, but we ensure even the most niche categories are analyzed. Reach out to us with your goals, and we'll be an able research partner.
