New single 'Uprising' out now: soundcloud.com/mybabywashere/03-uprising

My Baby is a vision, a muse; an undulating landscape interspersed with a stream of smooth vocals, dreamy narratives of smoking mountain peaks, mysterious shamans, diviners and drowned loves. Don't follow? Good, it's better that way...

Ahead of an extensive UK tour plot, including back-to-back billings with American blues legend **Seasick Steve,** My Baby reveals details of new album ***Shamanaid*** – out May 25th via Embrace Recordings.

Hailed in by lead single ***'Uprising'***, the album is hailed a "psychedelic journey through space and time", traipsing folk, roots, native sounds and spirituals; a pagan gospel, if you will…

"Shamanaid is the help we all need from fictitious shamans," explains vocalist and co-conspirator **Cato van Dyke**. "It is an earthly record about the now, in which everyone is on their own spiritual quest."

A fusion of Dutch and New Zealand blood, My Baby is equal parts brother-sister-duo **Cato** and **Joost van Dyke** (drums), guitarist **Daniel "daFreez" Johnston,** and all parts voodoo. Perhaps the band's origins span far beyond simple birthright though, with their collective conception taking place somewhere between the 16 countries, 4 continents and 67,000+ km embarked since forming in 2012.

"I always like to describe it as a drink," **Joost** muses. It's rather fitting, given the band's deliciously toxic blend of fingerpickin' guitars, voodoo, roots, funk, gospel and Southern swampy blues. "It's a brew loaded with the music styles we love," he says. "We borrow from the rich history of folk music from all around the world and bring it to the moment of now," he says.

New album *Shamanaid* serves a worthy successor to My Baby's debut LP of 2013 ***Loves Voodoo!*** – an offering warmly received and all-round applauded on both sides of the Atlantic; from Texas to Tokyo, London to Lichtenvoorde, Vienna to Wellington, and everywhere in between.

My Baby will release sophomore album *Shamanaid* on May 25th. New single *'Uprising'* is out now, available on iTunes, YouTube, SoundCloud and Spotify. UK/European Tour dates below…
