Society will shop around to make sure existing mortgage customers have lowest rates Loyal Nationwide mortgage customers looking for a new deal will be able to access the lowest-priced mortgages on the high street, thanks to its new Loyalty Rate Mortgages initiative.

The Society recently revamped its mortgage range, cutting rates by up to 0.70% across fixed rate and tracker deals, including those for customers with small deposits. Existing mortgage customers already benefit from an additional 0.1% discount on new customer rates.

From 18 September 2014, Nationwide will compare its mortgage rates for existing residential mortgage customers looking for a new deal against the remortgage rates of its top six high street competitors. These are NatWest/ RBS, Halifax, Santander, HSBC, Barclays/Woolwich and Lloyds.

Every Friday, Nationwide will do the shopping around for its mortgage customers, reviewing like-for-like competitor mortgage rates for its existing mortgage customers. If any of the competitor lenders has comparable remortgage rates that are lower than those the Society is offering, Nationwide's rates will be lowered the following Wednesday below the comparable competitor rates.

Nationwide's Divisional Director of Mortgages and Savings Richard Napier said: "Following our recent extensive reductions across our mortgage range, Nationwide's mortgage deals for existing customers are already extremely competitive. With Loyalty Rate Mortgages, we are taking that a step further. We are constantly reviewing the market so that our existing mortgage customers can be confident our rates compare favourably against those of our competitors. We are doing the work for them by checking the rates of the top six lenders to make sure that we offer the best rates.

"Nationwide is also demonstrating its mutual difference by doing more for our existing customers. Loyalty Rate Mortgages will further enhance our suite of offers for our members that reward customer loyalty, with other offers including Flexexclusive benefits for main current account holders and Simply Rewards deals for current account and credit card holders. This demonstrates the benefits of being a Nationwide member and is another example that we are on their side."

The Loyalty Rate Mortgages initiative is only available to Nationwide's existing mortgage customers who are looking to switch deal. Nationwide does offer a core range of competitive rates for all mortgage applicants, as well as a £500 discount on mortgage fees for first time buyers.

Notes to Editors:

Loyalty Rate Mortgages:

- Nationwide will compare like for like products against the comparable LTV tier and fee range of the Nationwide's top six competitors. Based on CML gross lending figures, these are currently NatWest/ RBS, Halifax, Santander, HSBC, Barclays / Woolwich, Lloyds. These lenders are fixed for the year and will be reviewed in September 2015.
- To qualify for the Loyalty Rate Mortgages promotion, mortgages have to be like for like, i.e. have the same product term and comparable arrangement/product/booking/application fee. Competitor products are those available to all customers through lenders' retail channels and will exclude deals through subsidiaries, intermediary exclusives, Buy to Let mortgages, those linked to schemes, such as Help to Buy and those with fees greater than £1000.
- If a competitor's mortgage deal is lower than the Nationwide equivalent, that product will be re-priced on the following Wednesday to be lower by at least 0.01%. This process will be repeated each week.
- The Loyalty Rate Mortgages promotion is ongoing, but can be withdrawn at any time.
