

Netstar Announced as Top London IT Support Company in Annual MSP 501 List

Friday 21 June, 2019

London, 20th of June 2019

The 2019 MSP 501 global rankings list has been released. Netstar is the highest ranked IT support company focused solely on supporting London businesses.

The MSP 501 is the most comprehensive ranking of MSPs (managed service providers / IT support companies) worldwide. Every year, IT support companies report their product offerings, growth rates, annual total and recurring revenues, pricing structures, revenue mix and more. This year saw the largest number of applicants ever received.

In the 12 years since its inception, the MSP 501 has evolved from a competitive ranking list into a vibrant group of service providers, vendors, distributors, consultants and industry analysts working together to define the growing managed service opportunity.

Kris Blackmon, Content Director of Channel Futures and lead of the MSP 501 programme says:

“The 2019 MSP 501 winners are the most elite, innovative and strategic IT service providers on the planet, and they stand as a model of excellence in the industry.”

Mit Patel, Managing Director of Netstar says:

“This award is another milestone for us as we continue to pursue our mission of Helping People Succeed Through Technology. As a London business owner, I know the struggles small and medium business owners face, and we play an integral part in helping people on their journeys towards business growth.”
