London, April 2020 – Netstar are delighted to announce that they have been shortlisted for the Project Team of the Year award as part of the Real IT Awards 2020. This announcement distinguishes the London based IT company as one of the top IT Support companies in the UK.

The award recognises the success of a team in establishing and delivering a specific IT project. The project earned Netstar impressive feedback from the client, who emphasized that, “the team at Netstar are very amenable and flexible…and work according to our needs; they aren’t just chucking a load of standard processes at us.”

To achieve shortlist status, Netstar completed a 3,800-word application form which outlined the processes, organisation, and successes of their chosen project.
