Netstar IT Support London Earns Inaugural EP 51 Ranking from Prestigious MSP 501 Programme

Tuesday 22 October, 2019

London, 17th October 2019

Netstar IT Support, one of London's leading IT Support companies is delighted to have been named as one of EMEA'S premier Managed Service Providers (MSPs) on the inaugural Channel Futures European Partners 51 (EP 51) rankings.

The rankings are part of Channel Futures' annual MSP 501 initiative. Each year, managed service providers / IT support companies worldwide complete an application and extensive survey to detail their product offerings, growth rates, annual revenues and more. MSPs are then ranked according to a unique methodology that weights revenue figures according to how well the applicant's business strategy anticipates trends in the fast-evolving channel ecosystem.

Mit Patel, Managing Director, Netstar IT Support comments, "We are delighted to be recognised on the first Channel Futures European Partners 51 (EP 51) rankings. This accolade is another notable achievement for us as we continue to pursue our mission of Helping People Succeed Through Technology. Supporting over 100 clients, and 4,000 end users across London, we play an integral part in helping people on their journeys towards business growth."

The winners will be honoured at the Channel Evolution Europe event, on the 2-3 December 2019 at the Park Plaza Victoria hotel in London. The event will comprise of thought leadership content from analysts, vendors, consultants and partners on a variety of topics, from cybersecurity to Brexit challenges and ethics in the managed services space.

Kris Blackmon, Content Director of Channel Partners and Channel Futures and lead of the MSP 501 program adds, "We are excited to bring special recognition to our European partners. The EP 51, part of the annual Channel Futures MSP 501 program, represents Informa Tech's commitment to recognizing the excellence, innovation and forward-thinking strategies evident in the EMEA market."

In addition to deciding the rankings, the MSP 501 survey drives the creation of an annual in-depth study of business and technology trends in the IT channel. The first EMEA-specific report based on data collected from its European MSP 501 winners will be released at Channel Evolution Europe.

The complete 2019 MSP 501 list is available at Channel Futures.
