London, 25th October 2019

Netstar IT Support, one of London's leading IT Support companies, was recently recognised as the highest ranked UK company in the list of 100 Vertical Market MSPs (Managed Services Providers) for 2019.

The research and corresponding list released by Channel E2E are based on a worldwide survey of MSPs, conducted in Q4 2018 until January 2019. Rankings are based on annual recurring revenue within specific vertical markets. The 2019 edition is the fourth annual research report released by Channel E2E.

Within the Top 100 only three UK companies made it on the list, with Netstar ranked as the highest out of the three. Listed for the Financial Services/ Banking vertical, this ranking demonstrates continued organic growth.

Mit Patel, Netstar MD comments, "It is amazing to be named as the top UK company on the list and particularly rewarding to be recognised as the leading MSP for Financial Services sector in the UK. Getting recognition in this way demonstrates how successful we are when it comes to helping our clients achieve their goals. We are committed to continued growth, helping more London businesses succeed through technology."
