London, 10th October 2019

Netstar IT Support, one of London’s leading IT Support companies, was recently shortlisted for ‘Technology Provider of the Year’ at The British Business Awards 2019.

The British Business Awards event, now in its fourth year, is the leading celebration of the UK’s small business sector, recognising the nation’s best sole traders, micro businesses and small companies – as well as the services providers and advisers that support them.

There were over one hundred nominations in the ‘Technology Provider of the Year’ category and Netstar have been shortlisted in the top ten.

This category rewards the technology provider that has placed an SME service at the heart of its offering, displaying innovation, impressive customer care and a product to help small companies run efficiently and grow.

Mit Patel, Netstar MD comments, “Netstar’s mission is to ‘Help People Succeed Through Technology’. We provide IT Support Services and consulting to London businesses in the Finance, Property and Professional Services sectors. What began as a small family business based in Essex is now a thriving Central London organisation, supporting over 100 clients, and 4,000 end users. Efficiency and growth are at the heart of what Netstar is all about. As well as providing the highest level of service possible to clients, we focus on bringing SMEs the best technology stack available. Ensuring it fits their business needs and provides them with a platform for growth.”

The winners will be announced at The British Business Awards October 30th 2019, Royal Lancaster London.
