Netstar IT Support offers all clients free access to online training platform

Friday 22 May, 2020

London, 21st May 2020 – Netstar are giving all clients free access to a new online training platform.

One of the challenges of remote working is that you can no longer simply lean over to ask a colleague a question about something you're unsure of. Instead, you often have to seek training and resources elsewhere. Additionally, there has been a dramatic shift in social dynamics, making accessible mental health and wellbeing support for employees a necessity.

Easy access to clear and coherent training material and information is crucial, now more than ever. Netstar are, therefore, offering all of their clients free access to a new online training platform.

Netstar are dedicated to helping their clients to succeed during this crisis. As such, this extra support service will be available and free to lend assistance on a variety of topics.

The platform offers around 300 short, practical and succinct training videos on a variety of workplace topics, including:

- Zoom
- Microsoft Teams
- Remote Working
- Microsoft Outlook
- SharePoint 365
- Microsoft Excel
- Mental Health
- Gmail
- Customer Service
- Leadership and Management

Everyone at Netstar already has access to the platform and we've received great feedback from our team on the breadth of knowledge available, as well as the clarity and usefulness of the videos.

If you are a Netstar client, simply click here to register: https://microw-courses.com/b/Netstar

For more information on the platform, please contact your Business Technology Advisor.
