Netstar IT Support raise money in aid of Prostate Cancer UK

Thursday 31 October, 2019

London, 31st October 2019

Netstar IT Support *has raised £1,890 in support of Prostate Cancer UK.*

We're delighted to announce that over the last quarter we have raised an incredible £1,890 in support of Prostate Cancer UK. As our business grows, we strive to make an effort to give back, supporting various charitable causes. Prostate Cancer UK is one of the charities we choose to support, for the work they do supporting men who are battling the illness.

Mit Patel, Netstar's Managing Director comments, "We set up an initiative to raise money for Prostate Cancer UK earlier in the year. We committed to donate £1 for every single piece of customer feedback received by our Service Desk. We have chosen to donate to Prostate Cancer UK, with an aim of increasing awareness and funding research to stop prostate cancer killing men."

Prostate Cancer UK say, "We're investing millions to find better treatments and better tests that can spot fast-growing cancers early and could be used in a screening programme to save thousands of lives."

We would like to give a big thank you to our clients for giving us such good feedback!

About Prostate Cancer UK

The Prostate Cancer Charity was founded in 1996 and was the first national organisation for prostate cancer in the UK. Their mission was to raise awareness and improve the care and health of people affected by prostate cancer.

They merged with Prostate Action in 2012 to form Prostate Cancer UK. In the last 20 years, Prostate Cancer UK have invested over £37 million into ground breaking research and continue to provide award-winning support for men. Putting men at the heart of everything they do, Prostate Cancer UK are investing millions to find better treatments and provide men and their families with the support they deserve.
