

New Evolution Money Website Is Simple To Use

Thursday 17 July, 2014

Getting a homeowner loan has never been easier thanks to the new easy-to-use Evolution Money website.

The re-launched website at www.evolutionmoney.co.uk has been designed to be even more customer-focused, offering plenty of information and advice along with easy access to a personalised and professional financial service to enable users to find the perfect secured loan for them.

The new site offers everything from a loan calculator and advice on repayments to a range of infographics and 'how-to' guides. There is also a host of detail on offer about the individual loans available along with the way applications are considered. Everything is designed to be as simple and easy to access as the Evolution Money application process promises to be.

The company offers loans to people with poor credit and is a member of the Consumer Credit Trade Association (CCTA). Credit checks are made after an application, but the company does not rely solely on these to make decisions about eligibility. Instead, personal circumstances are considered and the ability to make repayments is assessed.

Evolution Money offers secured loans of up-to £15,000 based on a set criteria. Applicants must be between the ages of 18 and 68 who live in a home they own in England, Wales, Scotland or Northern Ireland. Also having been in a job for a period of at least six months and taking home at least £1,000 every month is required. Applicants must also have their income paid straight into their bank account via BACS.

Evolution can offer tailor-made loans for almost any use, supported by personal account managers. There are no fees charged upfront and each customer's dedicated manager will get to know their personal circumstances, history and current situation. It is these people who make the decisions and not computers.

The company specialises in helping clients who have had difficulty finding loans elsewhere, have mortgage arrears, are suffering from negative equity or are self-employed. The customer can fill in a simple online form to request a no-obligation call-back from one of the Evolution Money team. All of the company's call centres are based in the UK.

About the Company

Evolution Money prides itself on being different — both in the personal service it offers and the way decisions on loan applications are made. The new website reflects the company itself in the way it is modern and forward-looking whilst still maintaining traditional values when it comes to treating each client as an individual and only handing out compliant and truly honest advice.

Evolution Money believes it provides the most personal and professional service available anywhere in the sector, and it pledges to deliver the relevant information in a format this is clear and easy to understand.
