New iAQUA dive scooter models on show in Dubai

Wednesday 1 March, 2023

iAQUA will showcase their AquaDart range at the Dubai International Boat Show on stand ESS-50 1st - 5th March 2023.

High performance watercraft manufacturers iAQUA are set to dazzle the water toy market at Dubai International Boat Show with their AquaDart range. Their team of talented design engineers have developed some of the world's most powerful and reliable dive scooters. Of particular interest to show visitors will be the new Nano range, which offers a power to weight ratio unmatched by any competitor.

The iAQUA team has 25 years of automotive design and manufacturing experience and have worked in partnership with many of the world's leading automotive brands, including General Motors, Tesla, Audi, Volkswagen, Nissan, Lamborghini and Bentley. They are obsessed with providing high-performance watercraft manufactured to the same rigorous standards of quality and reliability that you would see in a premium car.

No other dive scooter manufacturer can match the iAQUA AquaDart's level of performance, reliability and modular design, which means owners can have the utmost confidence in their new AquaDart dive scooter and many years of fun and enjoyment.

On display in Dubai will be two of their best selling AquaDart Pro models, as well as the new AquaDart Nano models. The AquaDart Pro 720Max will be on display in three colour options, as well as AquaDart Pro 680 Light. Joining these models will be the AquaDart Nano 450 Sport, AquaDart Nano 520 Explorer and the AquaDart Nano 620 Max.

Stand is ESS-50 in the equipment and supplies section of the Dubai International Boat Show.
