New PodCast Series from Dental Expert, Dominic Thorncroft

Friday 4 November, 2022

Prominent dental expert Dominic Thorncroft, has started a new PodCast series where he discusses various aspects of dental hygiene, common dental procedures, and common problems we all may face.

While Dentistry may not be the most ‘sexy’ hot topic out there today, it’s an undeniable fact that we’re all going to need to look for some dentistry advice from somewhere at some point in our lives, and where better than from someone with a lifetime of experience to share?

His PodCast is available on a variety of platforms, including SoundCloud and each month will feature different voice artists narrating articles and blogs written by the Dental expert himself.

Speaking about the new venture, Dominic James Edward Thorncroft said ‘I’m delighted with the early results from the first few PodCasts, and looking forwards to sharing other ideas and thoughts over time. Giving dental advice freely fits right into my overall philosophy of charitable giving, which is that those of us who’ve accomplished more should be shared freely with others, and I feel certain that there are some great interview moments to come from fellow experts within the dental community too.’
