NEW SINGLE BY SEREL - “MY INNER PSYCHO” - OUT MARCH 12th

Friday 12 March, 2021

Serel, the London-based artist with a Turkish heritage, has been forced by life to delve deep into the hidden corners of her mind.

"My Inner Psycho" is a raw journey through her survival-coping mechanisms and fabricated perceptions.

Serel digs up the voices of self-sabotage and artificial behaviour that inhabit everyone’s subconscious.

Her dramatic sound and intense lyrics break the silence induced by our fears.

Serel believes that “Art is a realm where you can experience a variety of emotions without causing trouble in real life. Through music, you can misbehave without hurting anybody, including yourself.”

“My Inner Psycho” is released **March 12th**, 2021 on independent label **Eywa Music Ltd** across all streaming platforms. It was recorded in London, produced by **Adam Rust**, and written by Serel and **Jimmy Kent.**
