

NEW SOCIAL ENTERPRISE LAUNCHES FUNDRAISER TO SET UP UK WIDE SUICIDE PREVENTION TEXT MESSAGE SUPPORT SERVICE

Saturday 27 August, 2022

In an effort to provide vital support for those struggling with mental health issues, depression, and suicidal thoughts, Stand Against Suicide CIC has launched a crowdfunding campaign to raise £10,000 to set up and run a free UK wide 24/7 text message support service. This important initiative will be staffed by trained volunteers who have experience supporting those who are feeling overwhelmed and suicidal; it is their hope that this service will make a significant impact in the lives of those who need it most.

The CIC aims to raise the £10,000 over the next 60 days so that it can have the text message service up and running before Christmas.

Stand Against Suicide CIC is a social enterprise that was created with one goal in mind: to provide vital support for those struggling with mental health issues, depression, and suicidal thoughts.

The team at Stand Against Suicide CIC understands all too well how social isolation and increased depression caused by COVID lockdowns along with the ongoing cost of living crisis, are having a negative effect on the mental well-being of thousands of individuals across the UK every day. The text message support service will be a place where people can find free confidential immediate support.

With your help, they can make this much-needed resource available to everyone who needs it – please donate by visiting

Thank you.
