New Website Offers Great Value Litter & Recycling Bins For Schools

Tuesday 21 May, 2013

Bin-Shop.co.uk is a newly launched website which offers a comprehensive range of fun and practical litter bins and recycling bins for schools and colleges across the UK.

The outdoor and indoor furniture within the buildings and grounds of schools plays an important part in encouraging pupils and staff to dispose of litter and segregate recyclable materials. Many schools, colleges and universities now run their own recycling schemes with recycling points in most rooms and outdoor spaces. Choosing the right litter and recycling bin designs are important factors in encouraging children and young adults to recycle. They also add splashes of colour, contrast and interest to public areas.

Bin-Shop.co.uk work closely with manufacturers and suppliers in the UK and Europe to provide a range of cutting edge and innovative products. As a specialist online retailer, they are able to offer these products at very competitive prices and offer quantity discounts on bulk orders.

As part of their commitment to assisting public sector organisations, Bin-Shop.co.uk offer schools, colleges and universities in the UK instant credit accounts. This allows staff members to order directly through their website or by phone, safe in the knowledge that their order will be processed immediately by simply providing an official purchase order.

To view their full range of products for schools, colleges and all public sector organisations visit: http://www.bin-shop.co.uk or for any help/advice from their experienced sales team call 0845 544 2155.
