Wednesday 3 December, 2014

London, United Kingdom (December 3, 2014) - **Making mistakes on taxes can be costly, but new website, <http://www.taxup.com/>, is throwing a lifeline to contractors and freelance consultants who need expert help and advice.**

Tax Up are a team of expert accountants with a specialism in taxation and a wealth of experience dealing with contractor, consultant and freelance accountancy. The team's mission is to offer clients essential advice and to certify that their tax payments are necessary and no higher than they should be.

Under the current system, HMRC charges a penalty for documents that contain mistakes. Penalties are charged if errors are due to a lack of reasonable care, deliberate or concealed. Tax Up offers impeccable error-free packages to ensure clients avoid any clashes with the taxman.

Tax Up is conveniently located in the heart of London's financial centre with various tube stations within ten minutes' walk. Their website offers free tools such as the IR35 Status Checker and Take Home Pay Calculator to help clients get started.

Managing director at Tax Up, Hasib Howlader, said: "Our specialist accountants are able to save contractors a lot of money. Every client is different and we guarantee to cater for all our clients' requirements.

"We are committed to excellence. We are proud to set the highest professional standards and are committed to building a reputation that people can trust."

The costs for hiring a professional is among the reasons contractors and freelancers attempt to do their own taxes. As a result, Tax Up offer affordable packages starting from as low as £100 per month. To find out more visit: <http://www.taxup.com/>.
