

NTT Recognized as Global Managed Services Partner of the Year at Cisco Partner Summit 2022

Tuesday 8 November, 2022

NTT Also Honored with 22 Awards for Regional Achievements

Cisco Partner Summit 2022 - [Las Vegas, NV – 8th November] – NTT Ltd., a leading global IT infrastructure and services company, today announced that it has been recognized as Cisco's Global Managed Services Partner of the Year at Cisco's annual Partner Summit. Cisco's global partner awards recognize top-performing partners' business success, innovation, and best-in-class sales and service delivery that enable substantial business outcomes for customers.

"Cisco partners are engines of growth and innovation in our shared success. Together, we have come through a challenging year to achieve outstanding results, respond to our customers' challenges, and continue to stay ahead of the ever-changing landscape," said Oliver Tuszik, Senior Vice President, Global Partner Sales and Routes to Market, Cisco. "Congratulations to NTT for being recognized as Managed Services Partner of the Year. You have demonstrated your customer focus and commitment to performance and are well positioned for continued success in the Age of the Partner."

"NTT is proud to be recognized as Cisco's Global Managed Services Partner of the Year and for the numerous regional awards, we received. This recognition validates our global commitment to supporting our clients as they digitally transform for the future," said David Bell, Executive Vice President, Strategic Alliances & Sourcing, NTT Ltd. "Our partnership with Cisco has never been so important as our clients continue to navigate the evolving business and technology landscape. Together, we are building a connected future that helps businesses thrive."

NTT was also recognized with 22 regional awards, celebrating its services expertise and technical excellence. A full list of awards can be found [here](#).

About NTT Ltd.

As part of NTT DATA, a USD 30 billion IT services provider, NTT Ltd. is a leading IT infrastructure and services company serving 65% of the Fortune Global 500 and more than 75% of the Fortune Global 100. We lay the foundation for organizations' edge-to-cloud networking ecosystem, simplify the complexity of their workloads across multicloud environments, and innovate at the edge of their IT environments where networks, cloud and applications converge. We offer tailored infrastructure and ensure consistent best practices in design and operations across all of our secure, scalable and customizable data centers. On the journey towards a software-defined future, we support organizations with our platform-delivered infrastructure services. We enable a connected future.
