Onco-Connect; a digital enterprise to improve global access and choice whilst maintaining high-quality standards of cancer care.

Onco-Connect believes that world class cancer care should be accessible to all, especially within the urban and rural landscapes of the developing world. We connect communities to renowned consultants and institutions of Germany, India, Singapore & United Kingdom.

The founders of Onco-Connect quit their high-profile jobs in London and moved to Mumbai to start this enterprise, with the aim to reach every country & every segment of society irrespective of their differences or similarities.

Onco-Connect provides complete cancer care where everyone can get access to the latest technology, research and new advances in cancer treatment. Partnering with renowned & prestigious institutions improves choices for treatment and opinions. Innovative approach through digital second opinions; medical travel in accordance to the country of choice & affordable care were the reasons to start this enterprise.

Empowering patients is vital to forming successful treatment and long term partnerships. Onco-Connect would empower patients with information and knowledge to make their choice for prevention, screening & treatment of their cancer.

Onco-Connect is proud to receive recognition as a Start Up India Initiative by the Government of India.
