Paolo Marchetti's New Year Sale. 25% off all bespoke fitted furniture.

Thursday 9 January, 2014

Paolo Marchetti is delighted to announce the launch of their brand new January 2014 sale offer – 25% off absolutely everything in their bespoke furniture collection! The offer covers the design and manufacture of **fitted furniture** for every room in the house, including fitted bedrooms, living rooms, home offices, attic rooms and hallways. The bedroom range includes fitted wardrobes and walk-in wardrobes, both with an option of sliding doors or hinged doors in a variety of materials, colours, finishes and fixtures & fittings. Fitted bespoke furniture for the lounge includes custom-made display and storage units as well as specialist solutions for the television, satellite or cable system, DVD, games consoles, music system and so on.

The 25% off special offer is applicable on all orders placed before the end of January, and is only conditional on the total order value being in excess of £1,000. It is difficult to give an exact idea of how much each item will cost, as all of Paolo Marchetti's furniture is made to measure to exact specifications - such as height and width, as well as materials. Unique, custom-made design at an affordable price is one of the key benefits provided by Paolo Marchetti's range of fitted furniture. However, the bestsellers section of the website shows costs for complete installations.

Paolo Marchetti Interiors is a **bespoke furniture** retailer with an Italian design influence - most of the component parts are manufactured in Europe using suppliers of the highest quality in Germany and the Netherlands, for instance, although fixtures and fittings are also sourced from as far away as Japan. The furniture itself is made in Eastern Europe by the parent company, Mr Doors, a billion dollar company with huge aspirations to grow their business in the UK. Paolo Marchetti has two showrooms in London – one in Tottenham Court Road and the other in Hampstead Village.

The beauty of their fitted furniture is that it provides a high quality, cost-effective solution for people living in and around London (though they will provide their services further afield as and when required) who love to live in a home that is personalised to their own distinct design style – as well as being entirely functional as far as their family needs are concerned. The huge range of finishing touches and fixtures & fittings means that each and every piece of furniture has its very own individual blueprint.

All Paolo Marchetti **bespoke fitted furniture** is delivered and installed for free and it all comes with a rock-solid 15 year guarantee. The company is staffed by trained furniture designers who walk customers through the process every step of the way, from initial enquiry to post-installation. Design development involves customer engagement at key milestones so they get to participate in the creation of their furniture with the help of 3D computer visualisations, CAD drawings and technical specifications.

Prospective customers who would like to find out more should go to the Paolo Marchetti website at www.paolomarchetti.com. Alternatively, they should visit one of their two **London showrooms in Tottenham Court Road or Hampstead Village** for ideas and to speak to a furniture designer about their plans and aspirations.
