PHILIPS Projection launches a new accessible NeoPix mini projector

Thursday 5 September, 2019

Lausanne, Sept 5, 2019 — Philips Projection is unleashing today the brand new NeoPix Ultra mini projector. The NeoPix Ultra joins the current Collection composed of 4 mini projectors bringing solid imaging and connectivity in a high-quality design, subtle yet striking high glossy finish for high durability, at exceptionally accessible price points. Now you can enjoy all your favorite videos, images and even play games in native Full HD, along with Wireless Screen Mirroring and Bluetooth. The NeoPix Ultra will be launched at 499Euros/USD

NeoPix Ultra

Go beyond expectations with a 120” screen size that offers up to 4200 Led lumens and native Full HD resolution. With NeoPix Ultra, see and experience the opportunities for large image projection in every area with its full brightness and all the connectivity needed: HDMI, USB and microSD… Stream videos, image and sound via Wi-Fi screen mirroring and play all your movies and tv shows thanks to the internal media player. The stereo speakers will provide a wonderful sound for a total immersion. With the 3.5mm audio jack and Bluetooth audio, get a bigger sound by pairing any Bluetooth boombox. The PicoPix Ultra is perfect for watching a movie, playing games or enjoy a soccer games with friends, yet with an accessible price.

Screeneo Innovation SA, official global Philips Licensee, makes products for those who believe that what makes technology smart is what you can do with it rather than what it can do. We do this by combining our design expertise and innovative Philips heritage as well as democratizing innovation that makes sense to consumers giving access to technologies that enables people to do more, watch more, and enjoy more. With these combined strengths, we bring premium award-winning Projectors to the market: caring, innovative, easy to use, and impactful.

Whether you are a value seeker, a freedom lover or a cinema addict, we bring you the real emotions to emphasis, enlighten and supersize your content to bring you the best projection experience you deserve.
