# Press release: test and contribute to INACH´s prevention hub

**Tuesday 14 December, 2021**

You will find the prevention hub at: https://rememberandact.eu/

Help us test it, contribute with your materials on countering hate speech and put your organization on the stakeholders´ map. See how the hub can work for you!

Welcome to the Re-ACT prevention hub

The project Re-ACT (Remember and ACT!) responds to strong and documented links between current online hate phenomena and hate-slurs, prejudices and practices that have been propagated in the Third Reich. To transform these worrisome findings into effective warnings, especially since remembrance and knowledge on the Holocaust and its horrors are fading, the project Re-ACT is putting a special focus on researching how “old” concepts of antisemitism and antigypsyism are being re-enacted by concerted hate campaigns and where they originated from.

Starting from there, Re-ACT developed, collected and provided educational materials and tools for the prevention of racism, xenophobia, homophobia and other forms of intolerance. These self-generated sets of information plus a curated collection of high-quality educational materials built the foundation for establishing an online prevention hub at INACH.

More about the Re-ACT project here.

The prevention hub is a joint project of the International Network Against Cyber Hate, LICRA, SYNYO and ROMEA.
