

Pure Rheumatology London Expands Osteoporosis Care with IV Zoledronate Infusions at One Welbeck

Sunday 7 September, 2025

London, UK – 07/09/25 – Pure Rheumatology London, a leading private clinic specialising in arthritis and bone health, is pleased to announce the launch of its **IV Zoledronate infusion service at One Welbeck**, one of London's most advanced healthcare facilities. This service provides patients with rapid access to a gold-standard treatment for osteoporosis in a world-class clinical environment.

Advanced Osteoporosis Treatment

Zoledronate (Zoledronic Acid) is a **clinically proven treatment for osteoporosis** that strengthens bones, reduces fracture risk, and improves long-term bone health. Delivered as a once-yearly intravenous infusion, it offers patients an effective and convenient alternative to daily or weekly tablets.

Patients receiving IV Zoledronate at Pure Rheumatology London benefit from:

- **Expert assessment and diagnosis** of osteoporosis and other metabolic bone disorders
- **On-site infusion therapy** performed by experienced rheumatology specialists
- **Cutting-edge facilities** at One Welbeck, designed to optimise safety and patient comfort
- **Comprehensive follow-up** including bone density monitoring and personalised care plans

Rapid Access and Specialist Expertise

Unlike traditional NHS pathways where waiting times can delay treatment, Pure Rheumatology London ensures **rapid appointments, same-day investigations, and seamless access to infusions**. Patients can be assessed, diagnosed, and treated promptly under the guidance of a consultant rheumatologist.

A Commitment to Excellence at One Welbeck

Dr Naveen Bhaduria, Consultant Rheumatologist at Pure Rheumatology London, said:

"Our goal is to provide patients with the very best care in osteoporosis management. By offering IV Zoledronate infusions at One Welbeck, we are combining a highly effective treatment with one of London's finest medical environments, ensuring patients receive timely, safe, and expert-led care."
