Residents of Newham and Redbridge scoop five prestigious Churchill Travelling Fellowships

Thursday 23 March, 2017

The Winston Churchill Memorial Trust has awarded 150 travelling Fellowships across the UK.

Five of these grants, totalling almost £34,000, have been awarded to people in Newham and Redbridge. The Fellows will travel to 12 countries between them, across four continents, where they will carry out a wide range of projects. The average length of a Fellowship is six weeks.

This year's **Newham and Redbridge** Fellows are:

- **Freya Aitken-Turff**, a charity Chief Executive from **West Ham**, who will be travelling to Canada, Malaysia and Singapore to explore the economic, cultural and social prospects of Chinatowns.
- **Darren Parker**, from **Stratford**, and the Head of Development and Regeneration at a large social housing provider, who will be travelling to Canada and the USA to explore housing policies to provide young people with affordable homes to rent.
- **Arfah Farooq**, from **East Ham**, and the Head of Marketing at the Makers Academy, who will be travelling to Pakistan, the United Arab Emirates and the USA to explore the potential for greater participation in the technology sector among Muslim women.
- **Seva Phillips**, a charity Fund Manager from **West Ham**, who will be travelling to Australia, Canada, New Zealand and the USA to research blended finance in social impact investing.
- **Nusrat Uddin**, a Public Law Solicitor from **Woodford**, who will be travelling to Belgium, Cambodia, Norway and Switzerland to research support for victims of modern slavery and trafficking.

Since its inception in February 1965, 5,400 ordinary men and women have been awarded Churchill Fellowships, from over 100,000 applicants. The ethos remains the same five decades on – for individuals to visit different parts of the world in pursuit of new and better ways of tackling a wide range of social, environmental, medical and scientific issues. The new approaches and innovative ideas with which they return are shared to benefit their local and regional communities, and, in many cases, the nation.

Before his death in 1965, Sir Winston was adamant that he did not wish to have another statue as his memorial, so he approved the setting up of The Winston Churchill Memorial Trust (www.wcmt.org.uk) as his national memorial and living legacy, for the benefit of future generations. Millions of grateful people gave personal contributions to the public appeal.

"Churchill Fellows are motivated and talented individuals who travel globally and return with innovative ideas and a commitment to share their findings to help others in the UK," says Julia Weston, Chief Executive of The Winston Churchill Memorial Trust.

Churchill Fellows come from all over the UK and from many different backgrounds. They must be UK citizens aged 18 or over, but no qualifications are required. What Fellows share is a passion to make a difference and a desire to share their passion to inspire others.

Notes to Editors:

In total 150 Fellowships have been awarded across the UK in 2017, an investment of over £1,400,000 in UK citizens. The Fellows will be travelling to 49 countries between them, across 6 continents. The categories for the 2018 Winston Churchill Travelling Fellowships will be announced on 09 May 2017.

See www.wcmt.org.uk for more details.

We have many examples of Fellows' stories of achievement from 1965 to the present day. If you would like one from a particular year or location, or would like to interview a Fellow, please contact The Winston Churchill Memorial Trust Press Office on 020 7799 1660, or email press@wcmt.org.uk
