

SAPHNA's 2025-2028 strategy has launched

Monday 31 March, 2025

It has been an exciting time at SAPHNA. We have been thinking about how we use our resources in our small but mighty charity to best achieve our mission - to support the school and public health nursing workforce to provide equality and excellence in school nursing practice, leading to improved health outcomes and reduced inequalities for all school-aged children, young people, their families, and communities.

We have launched our strategy for 2025-2028 and our trustees, staff, volunteers, and members have all been integral to its development. We thank everyone for their contributions.
