Save Money on Executive Travel with the New Smart City Prestige Membership Programme

Wednesday 19 February, 2020

London chauffeur company Smart City Prestige recently announced the launch of their exclusive new membership programme, offering their customers up to 40% off executive travel throughout the capital.

Silver award winners in the Chauffeur Company of the Year category at the 2019 QSI Awards, the Battersea-based brand launched the programme to offer loyal customers a range of benefits including:

- Access to a secure, online platform for quick and easy bookings
- Discounted contributory congestion charge
- Airport parking charged at cost
- Choice of 14-day or 28-day billing options for corporate clients
- Fixed pricing regardless of route or journey time.

Award-winning London chauffeur company Smart City Prestige recently launched an exclusive membership programming, offering corporate and VIP client's priority access and exclusive discount on a range of Mercedes, Bentley, and Rolls-Royce chauffeur services.

The programme, which offers options for both corporate and private account holders, also entitles members to a range of exclusive discount offers, including:

Save a minimum of 10% on all Advertised Costs

On each journey, account holders will enjoy at least 10% off the rate Smart City advertise on their website.

For example, the company's Mercedes S Class chauffeur service currently comes with an advertised day rate of £400. For members, that same service would be available for only £360.

Save up to 20% on Many of Our Services

Discounts of up to 20% are available on airport transfers, close protection services and more, all depending on duration and volume.

For example, a 20% discount on a chauffeur-driven Range Rover Vogue, would reduce Smart City's advertised day rate from £800 to only £640.

Save up to 40% on Chauffeur-Driven Rolls-Royce Phantom

The pinnacle of luxury and comfort, the Rolls-Royce Phantom is a car beyond compare and is usually reserved only for the most special of occasions. Instead of paying £1040 to hire this illustrious model, driven by your own personal chauffeur, you'd pay just £624.

As part of the Smart City Membership programme, account holders can enjoy discounts of almost £400 off chauffeur services in world-class cars like the prestigious Rolls-Royce Phantom.

Free Membership of the Smart City Membership Programme Now Available

The Smart City Membership programme comes with no minimum usage requirements. Personal accounts are billed each Monday for the previous week's transactions, with a choice of 14-day or 28-day billing options for corporate accounts.

Both corporate clients and private individuals can open up an account free of charge via the company's website.
