SFG20 attending the 2022 Installer Show on 21-23 June at NEC, Birmingham

Monday 20 June, 2022

[London, UK] [June 2022]— We are delighted to announce that SFG20 will be attending the UK's largest heating, plumbing and electrical trade show, InstallerSHOW, on 21-23 June at NEC, Birmingham.

The show will host the latest and innovative plumbing, heating and electrical products and host inspiring workshops and talks aimed at helping the industry come up with sustainable solutions on the route to net zero.

SFG20 will be presenting on the topic of the Building Safety Act and the implications for maintenance professionals. The content will be essential to help prepare building owners, and those responsible for maintenance, for the significant industry changes that lie ahead.

SFG20 will discuss in detail what this means for building owners and contractors, what the key implications are, and how SFG20 can help innovate your ways of working to adjust to these changes.

Join us at 11:00 on Wednesday 22nd June in the BESA Theatre, where Steve Tomkins, Director of Product and Business Development SFG20, will be presenting this topic.

About SFG20:

Launched in 1990 by the Building Engineering Services Association (BESA), SFG20 is recognised as the industry standard for building maintenance specifications. It is an online, dynamically updating service that provides facilities managers, building owners and contractors alike with up-to-date schedules of maintenance activities that always keep you on top of changing legislation.
