Paris, France – July 10, 2025 – SHAOKE Logistics, a leading provider of European-centric cross-border logistics solutions, today announced a strategic partnership with CDG HANDLING (CARGO DELIVERY GATE), a trusted leader in France airport ground handling services.

This collaboration was officially established during a signing ceremony held at Paris-Charles de Gaulle Airport (CDG), one of the busiest cargo hubs in the world. This partnership marks a pivotal step in SHAOKE's vision to become the preferred logistics provider for European trade corridors, leveraging cutting-edge technology and strategic collaborations.

SHAOKE Logistics established its French office at CDG in 2023 as part of its strategy to strengthen its European network. Equipped with state-of-the-art technological infrastructure and an experienced logistics team, this local agency has rapidly evolved into a strategic hub, driving the company's growth across the region.

Founded in 2010, CDG HANDLING (CARGO DELIVERY GATE) specializes in supporting freight forwarders with their import-export cargo operations, including security screening with dogs and X-ray, warehousing, palletizing, and direct delivery to aircraft via private runway access. CDG HANDLING is widely recognized for its operational excellence and meticulous service standards.

This partnership will enable SHAOKE Logistics to leverage CDG HANDLING's deep-rooted expertise and prominent presence at CDG, integrating world-class ground handling capabilities into its cross-border logistics infrastructure.
