Sims Recycling Solutions Expands Scope of Quality Management System

Monday 2 November, 2015

ISO 9001:2008 Accreditation Achieved for Sims Recycling Solutions' Stalybridge Processing Site

United Kingdom Oct 29th, 2015) – Sims Recycling Solutions is delighted to announce their accreditation to the ISO 9001:2008 standard of quality management. The site and services in Stalybridge have been accredited under the existing certification which already covers Sims Recycling Solutions IT Asset Disposal, Data Security and Mobile Processing Sites and Services.

This Standard is based on a number of quality management principles including a strong customer focus, the motivation and implication of top management, the process approach and continual improvement. By following ISO 9001 principles Sims Recycling Solutions can ensure that customers get consistent, good quality products and services.

The ISO 9001:2008 certification forms part of Sims Recycling Solutions' plan for rolling out consistent management systems and standards across all site globally and coincides with the certification of the Nashville, USA site to the same ISO 9001:2008 Standard.

Anand Narasimhan, director of Sims Recycling Solutions, explains, “9001 accreditation helps us to create the best possible standard of services for our clients, delivered consistently.” Narasimhan continued, “Sims Recycling Solutions' global plan to roll out standardized accreditations demonstrates our leadership in the marketplace in providing a consistent level of service quality and operational excellence, and demonstrating compliance to our customers and suppliers”.

“Achieving the highest level of certification is a great demonstration of the efforts made to ensure that we meet top level standards within our industry,” stated Steve Skurnac, president of Sims Recycling Solutions. “Great news for us and our customers, and further evidence of Sims' commitment and dedication to ensure we continue to provide 'best in class' full service IT and electronics recycling services across the globe.”

Sims Recycling Solutions was also recently recognized by Computing Security Magazine, being nominated for and winning the Secure Data Erasure Company of the Year Accolade at their recent awards ceremony.
