

Sims Recycling Solutions Expands Scope of Quality Management System

Friday 4 December, 2015

ISO 14001:2004 and BS OHAS 18001:2007 Accreditation Achieved for Sims Recycling Solutions' Stalybridge Processing Site

United Kingdom December 1st, 2015 – Sims Recycling Solutions is pleased to announce their Stalybridge, UK, recycling site has achieved accreditation to both the ISO 14001:2004 standard of environmental management and BS OHAS 18001:2007 standard of occupational health and safety management. The services at Stalybridge are accredited under the existing certification which already covers Sims Recycling Solutions IT Asset Disposal, Data Security and Mobile Processing Sites and Services.

BS OHSAS 18001 certifies that Stalybridge has in place the policies, procedures and controls required to achieve occupational health and safety management best practice. Hazards are identified and managed so that workplace accidents and illness are minimized. The ISO 14001 standard confirms that an effective and efficient environmental management policy is in place. As a responsible corporate citizen, Sims is globally committed to reducing waste and energy use, and growing in a sustainable manner..

These certifications, along with ISO 9001 achieved by Stalybridge in October, are part of Sims Recycling Solutions' plan for rolling out consistent management systems and standards across all sites worldwide

Andrew Mason, EMEA Director of Sims Recycling Solutions, explains, "14001 and 18001 accreditations help us to create the best possible standards of services for our clients, delivered consistently, as well as the safest workplace for our employees." Mason continued, "Sims Recycling Solutions' global plan to roll out standardized accreditations demonstrates our leadership in the marketplace in providing a consistent level of service quality and operational excellence, and demonstrating compliance to our customers and suppliers".

"Achieving the highest level of certification is a great demonstration of the efforts made to ensure that we meet top level standards within our industry," stated Steve Skurnac, President of Sims Recycling Solutions. "It is great news for us and our customers, and further evidence of Sims' commitment and dedication to providing 'best in class' full service IT and electronics recycling services across the globe."

Sims Recycling Solutions

Sims Recycling Solutions (www.SimsRecycling.com) is the global leader in electronics reuse and recycling.
