For Immediate Release - 18th January 2022

Phytor Restore Breast comes to market after more than 10 years of research and development by partner, Nanyang Technological University.

“The Phytor Restore range of products has been carefully created to support patients in remission and those individuals with an identified predisposition to chronic disease. With over 10 years of user testimonials and patient monitoring, our formulations have been optimised and enhanced by researchers at the NTU. In studies, the Phytor Restore Breast formulation significantly reduces tumour size by more than 50% and effectively hinders the ability of cancer cells to spread - demonstrating very promising potential for preventive care”, said Paul Defries, Phytor CEO and Founding Partner.

Positive Customer Impact

Defries added, “since 2009 the NTU Herb garden has treated many patients with the Restore Breast formula. Restore Breast product delivers very real benefits to the consumer, including relief of pain and inflammation, reduction of redness and problem skin on and around the breast, removal of excessive fluid accumulation; strengthening of the body’s natural detoxification processes and increased energy levels.”

This Product is for You

Phytor Restore Breast has been carefully formulated to support you:

• if you’ve a predisposition to breast cancer (both male and female)

• if you’ve undergone treatment for cancer

• if you’re diagnosed with unhealthy breast tissue, including cysts.

About Phytor

Paul Defries explained, “our mission is to help you win the fight against chronic disease. Our goal is to prevent or cure with our powerful phytomedicinals, to help you live better every day. In partnership with NTU, we create natural medicines using rigorous science to bring you unique, proprietary formulations which are manufactured to exacting Singaporean standards”.

Restore Breast Availability

Restore Breast is available for purchase at phytor.com or at the Phytor pop-up store in Raffles City mall. Singapore citizens who hold either a CHAS card, Merdeka or Pioneer generation cards will receive a discount. Every Phytor product carries a 30-day satisfaction/money-back guarantee. Phytor is the exclusive brand of Straits Biopharma Pte Ltd.
