Social Impact initiative aims to reach higher milestones in coming years

September 16, 2020 - When SocialBox.Biz launched their Laptops for Homeless and disadvantaged Initiative, the community interest company aimed to donate 1000 laptops to those in need in their initial milestone. In August 2020, SocialBox.Biz says that they aim to further reach higher donation milestones in coming years.

According to SocialBox.Biz, much of their success in helping the disadvantaged has come through partnerships with various organisations. Many organisations are looking to give back to their communities while also meeting carbon emissions reduction requirements that will be set forth by the Climate Change Act. The Laptops for Homeless Initiative offers an excellent way for organisations to do both simultaneously.

Organisations interested in partnering with SocialBox.Biz can reach out to the company's team for further details. More information is available at: https://www.socialbox.biz/
