SocialBox.Biz Urges UK IT Managers to Prioritise Secure Corporate IT Reuse Before Computer Recycling and Disposal in 2026, 2027, and Beyond

Thursday 26 November, 2026

Why Traditional Corporate IT Disposal Comes Short—and How Bulk Reuse of IT Hardware Delivers Double the Carbon Savings and Real Social Impact by Calling SocialBox.Biz First!

Every year, thousands of working corporate laptops, Apple MacBooks, desktops, and smartphones are prematurely shredded or exported. Through its **"Call SocialBox.Biz Before You Scrap It"** initiative, the London-based social enterprise gives UK IT departments a secure, compliant alternative for office IT refreshes and hardware decommissioning:

- **Cut Scope 3 CO? Emissions:** Reusing **200 business laptops** saves **over 62 metric tons of Scope 3 CO?** (~310–331 kg per device)—more than double the carbon savings of scrap computer recycling.
- **Certified Data Wiping:** Full-service bulk collections include on-site and off-site data erasure (to **NIST 800-88** and **ISO 27001** standards), official data destruction certificates, and verified impact reporting without disrupting existing recycling contracts.

"For UK IT managers planning hardware refreshes in 2026, 2027, and beyond, choosing secure reuse before IT disposal turns bulk surplus tech into verified Scope 3 carbon reductions and life-changing computer access," said the SocialBox.Biz team.

UK businesses and universities planning an IT refresh or bulk hardware clearout are urged to contact SocialBox.Biz first. Call on **0843 289 5722** or visit **socialbox.biz**.

About SocialBox.Biz Community Interest Company:

SocialBox.Biz is a London-based Community Interest Company specialising in secure bulk corporate IT reuse before computer recycling and IT disposal. By collecting, data-wiping, and upgrading surplus business laptops, MacBooks, and office tech, SocialBox.Biz helps UK organisations reduce Scope 3 emissions and e-waste while supporting computer access and skills inclusion.
